This diagram illustrates the assembly of a mechanical component, likely a hinge or bracket, using 11 numbered parts. The central part is a long, angled bracket (2). At one end, a motor or actuator (1) is attached via a bracket (5) and secured with a bolt (6). A pin (3) and a bush (4) are used to connect the bracket to a lever arm (7). The lever arm (7) is pivoted at its other end by a pin (10) and a bush (4). A second lever arm (8) is attached to the first lever arm (7) via a pin (10) and a bush (4). A long, thin rod (9) is attached to the end of lever arm (8) and is secured with a bolt (6). A small component (11) is attached to the rod (9) via a pin (10) and a bush (4). The diagram shows the assembly sequence with dashed lines indicating the alignment of the parts.
